

SUMMER HAMFEST

Thank you for all the emails concerning the summer hamfest Williams vs. Ft. Tuthill. Most of you emailed me saying that you would like to see the summer hamfest in Phoenix with a greater emphasis on classes than a swap meet.

Yesterday, the summer hamfest ballots were opened at the Amateur Radio Council of Arizona (ARCA) meeting which was at the Superstition Amateur Radio Club Hamfest. 16 clubs voted and the results were 10 votes to keep the summer hamfest in Williams, 1 vote to remain in Williams for 2008 but move to Ft. Tuthill in 2009 and 5 votes to move the hamfest to Ft. Tuthill in 2008.

Because of the number of emails that you sent me, Cliff Hauser KD6XH ARCA Chair tasked Doug Collins KE6JUK 1st Vice Chair to investigate the best possibilities concerning time, place and format of the State Convention. Lee Ilse KD7OED 2nd Vice Chair volunteered to assist Doug. The committee will provide a preliminary report at the Springfest ARCA meeting in Scottsdale and a final report at the 2008 State Convention in Williams.

YOUTH AND SCOUTING

I have been asked to introduce Cub Scouts to Amateur Radio at the Winter Day Camp in Tucson at the end of the month. We have been given four days with eight classes a day of 30 boys a session. It should be a lot of fun. If you are in Tucson and can help out on Dec 21, 22, 27 and 28th let me know. Jim Fagan KE7IDC Assistant Section Manager (ASM) Youth and Scouting ke7idc@arrl.net

SOUTHWESTERN DIVISION CONVENTION 2008

The Southwestern Division Convention work is moving along. We have some great speakers lined up, we are discussing a construction project or two, and we were contacted by our Arizona Diamondbacks to see if we wanted to have a ham radio night at the ballpark! Mr. Mark Sloan will be our banquet speaker, and this is a presentation you will not want to miss. If you haven't signed up for the convention, go to <http://www.azhamcom.org/Register/Register2.aspx> fill out the form, print it, fill out the check and mail it in. All the math is done for you, including the early bird discount. Do it now as seating at the banquet will be limited.

Don't miss this opportunity to meet with old friends, learn something new at an informative talk, build something useful, or just come and work W1AW/7. There will be something for all skill levels and interests. Check the website regularly to see what's new: www.azhamcom.org Rick Aldom W7STS

EMERGENCY COMMUNICATIONS

Each day on my commute I see more signs of Christmas and the holidays. As we wrap up this stressful month, remember to take a breather now and then. Turn on the radio and toss your call sign out into the ether and see who strikes up a conversation. Don't let stress ruin your holidays!

On the ARES front, I see we have more than 420 registered members. Registration is easy, and gives you a place to keep track of your participation in emergency operations, drills and public service events. Emergency Coordinators are given tools to marry people's skills and equipment to the needs of the deployment thus making it easier to execute comm plans. We always need more people, so if you haven't already registered, now is as good a time as any. Please go to: www.az-arrl.org/secure to register for Arizona ARES! www.az-arrl.org/secure Rick Aldom W7STS SEC Arizona
